

Cell Phone Usage Agreement

Goal – For you to have zero restrictions on your phone before you leave the house for good.

Reality – You are not ready for unrestricted access to a cell phone, but here is how we get you ready

We will agree to –

- + Your phone will charge in _____ (where) from _____ to _____ (time).
- + No calls or texts after _____ (time).
- + What you do on your phone is not private. To help you make decisions we will have access to all apps, text messages, histories, galleries...
- + Parents must always know your password(s) and can check your phone at any time.
- + You will not clear your history on any app or web browser.
- + You may not be responsible for what you receive, but you are for what you do with it. If you receive something inappropriate, you will tell us immediately. We will then decide together what to do next.
- + Before downloading apps or anything else on your phone you must first ask for approval. We will research and come to a decision together.
- + Staying within the limits of our monthly cell phone plan and contract is your responsibility. This includes any repairs and replacements outside of contract.
- + There are consequences for abusing the use of your cell phone. It can be taken away from you at any time at the discretion of your parents based on these points, behavior or grades.

Additionally -

If you keep this agreement, you will gain freedom and lose restrictions in due time.
